

Unit 1 Part B: Telephone bingo

Unit:	Unit 1 Part B
Skill:	Listening
Focus:	Telephone numbers
Time:	3 or 4 minutes to play one game. You can play the game several times.
Before the lesson:	Print out the student's sheet and cut the cards so that there is one Bingo card for each student.
In class:	<ul style="list-style-type: none"> • Tell the students they are going to play Bingo with telephone numbers. Distribute the bingo cards and allow students time to read the numbers and practise saying them. • Explain that you are going to call out telephone numbers and they have to listen and cross off the telephone numbers on their card when they hear them. (If you want to play the game more than once, ask them to make a small mark in the square.) When a student has three numbers in a row (across, down or diagonally) then they shout 'BINGO!' • Read the numbers from the teacher's list below slowly and clearly. Read them in random order and pause for two or three seconds after each number. Write 1, 2, 3 etc. in the boxes on your teacher's list as you call the numbers. Check that all students are attempting the task. • When a student shouts 'BINGO!', ask them to read out their winning three telephone numbers. You can check on your teacher's list whether the numbers are correct. <p>If there is time you can play again.</p>

Numbers

124 365	487 399	747 592
159 795	495 927	792 307
